

Parental Consent

Parental consent is required by Severn Arts where emergency medical treatment may need to be given during the course of a Severn Arts activity, including rehearsals and concerts by music centre groups and intermediate and youth ensembles taking place at various venues, notified by letter, outside curriculum time.

By ticking 'I consent' on the Severn Arts music centre groups and ensemble membership form the parent/carer named is consenting to the following:

- I agree that my son/daughter may take part in all Severn Arts activities.
- I agree to medical and dental treatment being given to my son/daughter if required, including the administration of a general anaesthetic and to surgical operations in the case of emergency, in accordance with the recommendation of a qualified medical practitioner.

Please note:

Severn Arts accepts no liability other than that in respect of enforceable third party claims against members of its staff.

If you so wish, you may take out personal accident insurance to cover your child against accidents or loss, which may occur through no fault of any supervising staff. This insurance cover is the responsibility of the parent/carer.
